How to **Download** your eDTR software from the flashdrive
1. Go to Start, My Computer
2. Double click the Removable Disk labeled eDTR
3. Double click the eDTR.exe to launch the eDTR
4. Click **Install on PC** to continue
5. The Setup Wizard will guide you through the installation process
6. When the Setup Wizard appears on your screen click **Next**
7. Decide if you would like a desktop icon and click **Next**
8. Click **Install**
9. When installation is complete leave **Launch eDTR** checked and click **Finish**

How to **Register** your eDTR after any installation
1. When the eDTR is run for the first time it will prompt you with a registration dialog box
2. The Swagelok Location will already be defined
3. Fill in **Your Company, Your Name, Your Email** and **Your Job Function**
4. Click the **Activation** button

How to **Activate** your eDTR after any installation
1. Once you have registered you will receive an email with your activation code
2. You can either copy and paste the activation code or click the link provided in the email
3. When the activation is complete, you will receive a prompt to **Restart** the eDTR software
